Lyrics by Greg J. Lingus

Arrangements by Jeff Hinton, Quint Randle,
& Greg J. Lingus

1. WRONG WAY

Verse

The teller pointed out
You are out of funds
I asked her why, how?
Your blonde's on the run
She wrote one big check
And said your done

Verse

My blonde loved on me
Thought I had it made
I'm starting to see
Much to my dismay
My blonde was not a light but a train

Chorus

I think I'm headed the wrong way
Because it's all coming my way
Can I be headed the wrong way?
Because it's all coming my way
Like down a one way the wrong way
Can't be the right way

Verse

Same deal with my red head
She had it arranged
In the note she said
Don't want us estranged
I took all your cash but left some change

(Chorus)

Bridge

I hear horns
I see lights
It's way too bright
I think now I know
Which way I got to go

Chorus

I think I'm headed the wrong way
Because it's all coming my way
I know I'm headed the wrong way
Because it's all coming my way
Like down a one way the wrong way
Can't be the right way

2. PLAYIN' THE GAME

Verse

Days I'm right dead on
Can't seem to do any wrong
Days I gotta fight
Nothin' seems to go right
Life is a game
With no day the same

Verse

When I get the win
I think I went all in
But then I can lose
No matter what I do
Life is a game
With no play the same

Chorus

Playin' the game
Sometimes I've got the ball
And sometimes I don't
Playin' the game
Sometimes I'll make the score
And sometimes I won't
Playin' the game
Playin' the game

Verse

Today's all I've got
Givin' it my best shot
Livin' it all out
That's what it's all about
Life is a game
With no day the same

(Chorus – 3X)

3. THE WRONG REFLECTION

Verse

Back on the road
Is this real fame?
I drink a fifth to get my high
The mirror shows a man of shame
Lord I can't quit; Don't want to die

Chorus

I see the wrong reflection staring back at me
A man I'm not very proud to see
I need the wrong reflection for me to see you
Waiting there to give me a fresh view

Verse

When I now look in the mirror
I see you by a sober man
A man of hope looking down fear
Lord, all along that was your plan

Chorus

I saw the wrong reflection staring back at me
A man I'm not very proud to see
It took the wrong reflection for me to see you
Waiting there to give me a fresh view

Bridge

I was selling out shows
I was the man
The thrill was getting dull
Gin was not bland
My mind was spinning; Spinning all around
I stumbled to the ground
Flat on my face
You take guilt and give love
To me that's grace
I stopped spinning; Spinning all around

(Chorus – 2X)

4. SLOW RAIN

Verse

Tonight I'm alone watching slow rain
As it trickles down a window pane
Wishing she was here now with me
And I did not cause her to leave

Chorus

Slow rain like tears in which I drown
Slow rain the constant sound
That makes my heart want her now
Slow rain, slow rain coming down

Verse

As my teardrops fall I want to try
No more working late nights all the time
I will hold her close in my heart
I should have done that from the start

(Chorus)

Bridge

Can I start new?
What did I do?

(Chorus)

5. MY MOMMA'S GONE

Verse

I do remember that last time
I saw deep into Momma's eyes
She looked straight back into mine
To say don't worry you'll be fine
Momma's gone; Momma's gone

Chorus

My Momma's gone I sure feel low
My Momma's gone I want to hope
In my heart my Momma will live
And her memory won't go dim
My Momma's; My Momma's gone

Verse

I can still hear my momma say
Love is your best friend in the fight
To help you find a sober way
Out of the blues on a dark night
Momma's gone; Momma's gone

Chorus (2X)

My Momma's gone made me feel low
My Momma's gone but I now know
In my heart my Momma's alive
It is her love that did not die
My Momma's; My Momma's gone

6. I'VE GOT WHAT I'VE GOT

Verse

Lookin' for that green grass over there
Could not see it was greener right here
Over there thought I could make quick cash
But I ended up with just dry grass

Chorus

I've got what I've got
I ain't got something else
I've got what I've got
Livin' with what I'm delt

Verse

Could not make it over there
I've got what I've got
I've come to like it right here
I've got what I've got

(Chorus)

Verse

My woman walked out over there
Cause I wanted cash as my best friend
Back here I ain't got none like I'm dead
I don't care cause she's back in my bed

(Chorus)

7. LAST BID

Verse

I had a dream last night that was real clear
I was standing before an auctioneer
He said man I'm selling the way to paradise
What are you willing to pay for the ride

Chorus

One hundred 'n', two hundred 'n', three
hundred 'n' Four,
Four hundred 'n', four hundred 'n', five
hundred 'n' five
Do I have your last bid? I need that last bid
Five hundred 'n', five hundred 'n', six
hundred 'n', sevn'

Verse

I wanted into that promised land
So I gave my best bid raising my hand
But the auctioneer refused to stop the bid
He said with your bid you still got your sin

(Chorus)

Verse

The auctioneer knew I couldn't pay the price
He said that is why my Son had to die
Christ is His name and with His life He paid
the way
Trust in Him and you got no more to pay

Chorus (2X)

One hundred 'n', two hundred 'n', three
hundred 'n' four,
Four hundred 'n', four hundred 'n', five
hundred 'n' five
I have got your last bid. Christ is your last bid
Five hundred 'n', six' hundred 'n', sevn'
hundred 'n', eight

8. MY DOOR IS OPEN

Chorus

My door is open
My door is open
My door is open
My door is open
Come on in
Make yourself at home

Verse

I hear you knocking
Calling out to me
You want all my sin
Lord to set me free
You want my heart
An open heart
Giving me a fresh start

(Chorus)

Verse

You cleaned me up
By paying the price
With your precious blood
Lord you give me life
Made a new man
Took the old man
Taking away my bad

(Chorus)

Verse

I'm living in you
You're living in me
You are the whole truth
Through you I can see
You are The King
The only King
That destroyed death's sting

(Chorus – 2X)

9. RIDING THROUGH THE BLUES

Verse

I've rode my way most of my life
Been kicked, bucked and yes drug
Tried to trade my horse for a plug
But the Lord said keep him like your wife

Chorus

Riding through the blues
On this horse of mine
Has caused a change in my attitude
I want peace of mind
Riding through the blues
Riding with the Lord this time

Verse

The Lord changed my point of view
I've come to like the horse I've got
I even think my wife's real hot
Took me some time to know what was true

Chorus (2X)

Riding through the blues
On this horse of mine
Has caused a change in my attitude
I found peace of mind
Riding through the blues
Riding with the Lord this time

10. TRAVELING LIGHT

Verse

Living from a suit case all week
Can't wait for my welcome back home
Packing tonight so I can leave
Won't miss the nights sleeping alone
When I head home I don't waste time
That's why I make sure and pack light

Chorus

Traveling light
To get home tonight
Traveling light
On the red eye
To get back to you
I'm
Traveling light
Traveling light

Verse

The plane is finally off the ground
Can't wait to catch you in my arms
Hard to sit still in coach right now
Glad I took off before the storm
I don't want a slow plane tonight
That's why I make sure and pack light

(Chorus)

Bridge

Got to catch a tail wind
Be light like a feather
Need that cruising weather
I want this trip to end

(Chorus)

Chorus

Traveling light
To get home tonight
Traveling light
On the red eye
To get back to you
I'm
Traveling light
Traveling light
Heading on home
Traveling light

11. RIGHT BEFORE MY EYES

Verse

My jaw dropped the first night I saw you
My tongue was tied not knowing what to do
Guys were lined up for your next dance
I cut in asking "May I see your hand?"

Chorus

Right before my eyes
I see you in my life
Right before my eyes
Your love would be so right
Right before my eyes
I'll find the way to your heart
Right before my eyes

Verse

Glad I did not let fear push me away
"May I see your hand?" led to our first date
With you I have become love struck
I believe that first dance was my good luck

Chorus

Right before my eyes
I see you in my life
Right before my eyes
You're loving me so right
Right before my eyes
I found the way to your heart
Right before my eyes

Bridge

You are with me
Yes I can see
Yes I can see
You are with me
That is the way I want it to be
Yes, I can see

(Chorus)

12. STANDING BY YOUR SIDE

Verse

On a warm autumn day
I put my ring on you
I shouted out with praise
When you told me you were due

Chorus

I'm standing by your side
Walking down the church aisle
I'm standing by your side
When I hear our son's first cry

Verse

I stroke your gray hair back
Trying to hold my tears
You gave your all but can't
This day is here as I feared

Chorus

I'm standing by your side
As we walk the last mile
I'm standing by your side
When you give me your last smile

Bridge

No I don't want you to go
Your gentle touch I need
No I don't want you to go
When you get there wait for me

Chorus

I'm standing by your side
I look into your eyes
I'm standing by your side
I don't want to say goodbye

Chorus

I'm standing by your side
You see it in my eyes
I'm standing by your side
I don't want to say goodbye
